EDUCATION

Pleasant Knoll Middle School Fort Mill, SC *Current 8th Grade Student*

EXPERIENCE

Independent Project Work

Self-directed learning in programming and data analysis
Consistently building and improving technical projects

PROJECTS

Stock Analysis Application

Developed a Python and Streamlit-based tool to analyze stock price trends
Implemented features to calculate returns and visualize historical data
Designed to streamline stock research and improve efficiency

Economic Data Dashboard

Built an interactive dashboard to track indicators such as inflation and unemployment
Created visualizations to identify trends and patterns over time
Focused on turning raw data into meaningful insights

Project-Based Learning (Tutorial Applications)

Followed and recreated advanced coding tutorials to understand full project structure
Applied learned concepts to personal projects

TECHNICAL SKILLS

Python programming (beginner–intermediate)
Data analysis and visualization
Streamlit app development
Problem-solving and logical thinking
Basic financial concepts (stocks, trends, returns)

OBJECTIVE

Motivated 8th grade student with a strong interest in finance, data analysis, and programming. Seeking opportunities to apply technical skills and problem-solving abilities in a real-world environment while continuing to learn and grow.

INTERESTS

Finance and investing Data science and analytics Coding and software development Mathematics and problem-solving

ADDITIONAL INFORMATION

Strong willingness to learn and take initiative Interested in combining finance and technology to solve real-world problems
